

ALEXANDRIA AFFAIRS

Cost of Running City Increased by \$25,735 Over Last Year.

GIVE \$1,000 TO HOSPITAL

Mr. and Mrs. H. P. Wilson Make Donation Today—Fund Now Exceeds \$37,000.

ALEXANDRIA, Va., May 27.—It is going to cost Alexandria \$25,735 more for its operating expenses for the coming fiscal year, ending May 31, 1915, than did last year, according to the annual appropriation bill which passed both branches of city council last night.

Among the increases noted in the bill are: Erection of house for Relief Hook and Ladder Company, \$12,500; public schools, \$5,200; fire department, \$2,000; street cleaning, \$1,000; interest on temporary loan, \$1,785, together with many other small increases.

The total amount appropriated for the expenses for the year is \$196,965, against \$171,230 last year.

The sum of \$5,000 was appropriated by the board of aldermen for the Alexandria Hospital building fund, on the recommendation of the finance committee. Under the rules, however, this was laid over by common council until the next meeting.

The appropriation is to be paid to the hospital as follows: Two thousand dollars in 1914-1915; \$1,500, 1915-1916; \$1,500, 1916-1917.

The appropriation is contingent on free treatment being given indigent citizens in the ward at the hospital to be known as the Alexandria city ward.

Named, Police Commissioner.

At a joint session of council George H. Schwarzwald was elected a police commissioner from the third ward to fill a vacancy caused by the death of August H. Oehlert. Mr. Schwarzwald was nominated by Alderman H. K. Field, and his election was unanimous, there being no opposition.

The sum of \$1,000 was appropriated to assist in the defraying of the school expenses for the year 1913-1914. It was explained that the total deficit will be about \$5,200.

There was some debate on a resolution of Councilman Smith that the street cleaning department be directed to have all dirt and macadam streets sprinkled as often as paved streets are. Some suggested oil instead. The matter was referred to the street committee.

A total of \$4,700 was appropriated for the construction of sewers in the northern section of the city in the vicinity of Alfred, Pendleton, Wythe and Columbus streets.

To Sue for Gas Range Charges.

A resolution of Councilman Harrison authorizing the clerk of gas to enter suit for the recovery of such charges as may be overdue on gas ranges was adopted.

Councilman Marshall offered a resolution appropriating \$600 for erecting a house for wagon and storage purposes at the Bellvue fire engine house. It was referred to the finance committee.

Alexandria Water Company extended the mayor and members of council an invitation to visit its dam now being constructed at Barcroft, Fairfax county, and it was agreed that a date for inspection will be announced later. An invitation was received to attend the annual meeting of Alexandria Free Kindergarten, which will be held tonight in the Young People's building.

The annual license bill was laid over by common council until the next meeting of that body. Several bills of the health department were referred to the finance committee.

Changes in Railroad Circles.

A number of important changes in railroad circles, it is announced, will become operative June 1 next in the offices of the Washington division of the Southern Railway Company.

George V. Peyton, for the past seven years superintendent of the Washington division of that railroad, with offices here, will be transferred to Columbia, S. C., taking charge of Columbia division.

Mr. Peyton will be succeeded in his position here by W. C. Hudson, superintendent of the Columbia division. William T. Wilkins of this city has been named as trainmaster on the line between Manassas and Harrisonburg, with headquarters in Harrisonburg. Mr. Wilkins succeeds Thomas P. Weston. Mr. Wilkins now holds the position of inspector of accounts and timekeepers under G. W. Taylor, general superintendent.

More Money for Hospital.

The Alexandria Hospital building fund took a big jump today, a contribution of \$1,000 being given by Mr. and Mrs. H. P. Wilson of the Hall farm, Fairfax county, bringing the total up to \$37,000. The aldermen last night appropriated \$5,000 and this will pass the common council at its next meeting. This, therefore, will bring the total up to \$37,000. The amount desired by Saturday afternoon was \$37,000.

Miss Susan Sipe of Washington will tonight deliver an illustrated lecture to the Young People's building under the auspices of the Alexandria free kindergarten. There will also be an illustrated talk by Miss Myra H. Winchester of the bureau of education.

Box 165, Smithfield, N. C.—"When I first began to notice dandruff on my head, I could scratch up scales and large sheets of it. There were pimples and rash on my scalp. My hair was thin, dry and lifeless, and the dandruff was thick and could be seen through the hair. My head would itch terribly. I wanted to tear the scalp off.

"I used the Cuticura Soap and a shampoo once a week and Cuticura Ointment twice a week just after the hair dried. I found benefit and relief after the first application and a thorough cure in two months." (Signed) Mrs. Geo. Higgins, June 20, 1912.

EQUALITY IS PROMISED IN SUBURBAN SECTIONS

Assessor Richards Has Data on Sales and Offers, on Which Board of Review Will Work.

That the new assessments on property in the suburban sections of Washington promise to be more equitable than any previously established was the statement today of William P. Richards, assessor of the District of Columbia.

Data on sales or offers of sale of four-

fifths of all the land in the county are now before the board of equalization and review, said Mr. Richards, and will serve as the basis of a "fair and square equalization."

Heretofore, he explained, information as to sales in the outlying areas had been limited.

The assessor stated that examination of actual values, as established by sales, developed the fact that first-class property around Chevy Chase Circle could be bought for 40 cents or less a square foot, whereas, he pointed out, statements made before the George taxation committee were to the effect that property in this immediate neighborhood was worth \$1 a square foot.

Sworn Statement Obtained.

In the case of large acreage tracts, which have been on the market for some time, sworn statements have been ob-

tained from the owners or agents, Mr. Richards said, and to the prices at which they would be willing to dispose of the land.

With but three more days remaining in the appeal period, Mr. Richards today again called attention to the importance of property owners who are considering filing protests against the new ratings applying at once at the assessor's office for appeal blanks. The blanks, which have to be sworn to, contain questions designed to place at the disposal of the board full information concerning the property that is the subject of the appeal.

Scores of persons called at the assessor's office today to inspect the new assessments. The blanks, which will continue until the close of the appeal period Monday at 4 p.m. Beginning Tuesday the board will get down to consideration of the protests submitted, a task which probably will consume the greater part of June.
